

# Become a Redland Art Gallery Volunteer

Redland Art Gallery is the Redlands' most vibrant cultural destination with a mix of innovative and culturally diverse exhibitions. Gallery volunteers are the Gallery's most vital asset and we are keen to hear from interested people dedicated to the arts.

Redland Art Gallery features six exhibition spaces, at two galleries in Cleveland and Capalaba specialising in presenting a varied program of cultural exhibitions that look to define a Redlands' cultural identity.

Volunteers play an important role in the gallery by:

- providing information to gallery visitors
- reception and administration support
- assisting install and demount exhibitions
- conducting guided tours (school groups and visitors)
- assisting at gallery functions and events

The Redland Art Gallery Volunteer Program works on a roster basis and most volunteers participate for a few hours twice a month depending on availability. Introductory and continuing training and information sessions are provided and opportunity exists for personal skills development. It is also a great way to make new friends and reconnect with old ones. If this sounds like something you would like to be involved in please fill in the attached registration form and return to:

Redland Art Gallery Volunteer Program
