

MY FAVOURITE SPOT... in the Redlands

Photograph: Jared Legge

Cleveland Point... better than ever!

Cleveland Point has always been a favourite for locals and visitors alike, but now there's even more to see at this iconic location - and it's an ideal spot for photos!

The panoramic bay views are as stunning as ever, and now there's also the renovated historic lighthouse and upgraded park facilities adding to the point's appeal.

It's the perfect place for a picnic, or fish and chips at sunset – or just park your car, gaze out over the water and enjoy the serenity!
